**CERTIFICATE VALID FROM:**

**Jun 11, 2026 To Jun 10, 2027**

**AUDIT TYPE:**

Announced Audit

**AUDIT EXECUTIVE SUMMARY:**

Brothers Best Produce facility has an average of 5-6 workers. The operation operates all year round. This was a dry facility composed of two cold storage rooms used to store packed products, with steps such as the receiving, pre-cooling (forced air), storage, and shipping. Conventional and organic products. Allergen risks were not observed at the time of inspection.

NOTE: The operation uses documentation for Module One that was previously reviewed the week before under the control of the Food Safety Coordinator (for example, the same documents, procedures, formats, etc.), reason for audit time.

**Addendum(s)/Module(s) included in the audit:**

Not Applicable

**Product information for each product**

| Product Group/Product Name | Observed Product                                              | Seasonality | Country of destination for product |
|----------------------------|---------------------------------------------------------------|-------------|------------------------------------|
| Broccoli                   | Not observed but of a similar risk type to what was observed* | Year round  | United States                      |
| Strawberries               | Not observed but of a similar risk type to what was observed* | Year round  | United States                      |
| Bell Peppers               | Not observed but of a similar risk type to what was observed* | Year round  | United States                      |
